PROFILE

I have graduated from Ort High School with a major in **Web and Mobile Application Design and Development**. I am looking forward to applying my knowledge in a professional environment and continuing to grow in the field. During my studies, I developed diverse skills with **HTML, CSS, and JavaScript**. In addition, I was introduced to several front-end frameworks such as **React and React Native**.

I am a committed person both personally, socially, and mostly at work. Persistent improvement and learning are a priority in everything I do daily.
